EXPERIENCE

Petrobahr Petroleum Company — Summer Trainee

August 2026

- Completed a summer training program with the Information Technology and Communication General Department, gaining exposure to enterprise IT operations.
- Received a Certificate of Achievement from Petrobahr Petroleum Company for successful completion of the training.

Advansys — Intern

August 2025 – September 2025

- Configured and optimized network segmentation using VLANs and subnets on Windows-integrated networking stacks to isolate sensitive data and reduce broadcast traffic.
- Managed and configured Active Directory Domain Services (AD DS), including User/Group management and the implementation of Group Policy Objects (GPOs) to enforce organization-wide security baselines.

Schneider — Intern

July 2024 – August 2024

- Analyzed key performance indicators to identify effective strategies.
- Determined consumer needs to provide products and services appealing to a larger market.
- Monitored operations and reviewed records and metrics to understand company performance.
- Maintained positive working relationships with fellow staff and management.

CERTIFICATIONS

HCIA-Security V4.0 — Huawei ICT Academy

Foundational certification covering network and information security fundamentals.

HTB Academy — CJCA

Completed modules include:

- Helped with preparation, set up, and breakdown of community and public events.

EDUCATION

Sadat Academy for Management Sciences

BSc, Faculty of Computer Science (Cybersecurity Major) — Expected 06/2027
3rd Year · Total GPA: 3.35

Noor Language School

High School Diploma · 2010 – 2023

SKILLS

General

- Problem solving
- Front-End development
- C++ and Python
- Bash scripting
- Linux
- Microsoft Office
- Time management
- Presentation skills

Security

- Network fundamentals
- Penetration testing & offensive security
- Active Directory (AD DS, GPOs)
- Nmap, Metasploit, WPScan, Impacket, Burp Suite
- Hands-on experience in HTB Labs & Academy
